ENTERED ACCORDING TO ACT OF CONGRESS, IN THE YEAR 1896
BY PETTINGILL & CO.
IN THE OFFICE OF THE LIBRARIAN OF CONGRESS, AT WASHINGTON, D. C.

PREFACE.

With this, the Fourth edition of our Newspaper Directory, we have endeavored to rectify all errors which may have unavoidably crept into previous editions, and also to make the work as convenient as possible for those who may have occasion to refer to its pages. To this end we have changed the order of classifying the newspapers by placing the New England States first, and arranging the balance of the United States and Territories in their alphabetical order. We have also designated the county in which each place is located, as well as the county seats of each. We would respectfully call attention to the sample advertisements in the last section of the book as showing the style of advertising that we are issuing for our clients. We are agents for all newspapers classified in this Directory, and would be pleased at any time to furnish intending advertisers with estimates or other information in regard to them that might be desired. We wish to thank the public for the many kind words that have been expressed of previous editions, and trust that this issue may merit the same approbation.

REVISION AND CIRCULATION RATINGS.

During the month of October, 1895, a circular letter was mailed in a sealed envelope to every publisher of a periodical named in the Directory.

A blank form was inclosed on which a publisher was requested to give a detailed statement of the average circulation of his publication for the past six months, the classification, politics, etc., etc., to be published in this edition.

We also enclosed a self-addressed stamped envelope for immediate reply. This enabled each publisher to have his paper represented and properly rated. When reports were received, the paper was represented and rated accordingly.

When a publisher failed to send a report, the editor of the Directory represented the circulation rating, obtained from other sources and information, which according to his opinion would be just and fair to the publisher.

Every publisher desires to have his paper represented correctly, especially his circulation; and as contracts are made and based principally upon that information, it is our desire, therefore, to have the exact circulation rating of each and every paper named in our Directory.

To have the information published regarding any newspaper, we simply ask a publisher to furnish us with a detailed statement, properly signed, giving the exact figures of his circulation for the past six months, to enable us to form an average.

When this request is complied with, the editor of the Directory is particularly careful to have it published correctly, and then places the report on file for future reference, to be able to satisfy and remove all doubts from the mind of anyone who considers the rating in the Directory to be erroneous or misrepresented.

To indicate that a report was received from the publisher, a dagger is placed before the figures in the circulation column.

In some cases sworn statements were received, and they are represented with a double dagger.

Circulation figures not preceded with a dagger are such as have been rated from information obtained from other sources.

We have this year inaugurated a change in the arrangement of the newspapers, by placing the New England States first and arranging the balance of the United States and Territories in their alphabetical order instead of arranging them in

geographical sections as has been the previous custom, and we feel assured that our present method will be found more convenient.

We earnestly desire that all publishers will avail themselves of the privilege of having their paper properly and correctly represented in our next edition, by sending us the necessary information when requested.

We have retained the feature of inserting complete and handsomely printed maps of each State and Territory in the Union, showing the most important cities and towns, every mile of railroad, and other valuable information connected therewith, of interest to every advertiser, publisher and editor of a newspaper.

This idea originated with us and was conceived to be of great value and interest to those who may have use for a book of this kind.

Respectfully,

PETTINGILL & CO.

HINTS TO ADVERTISERS.

Familiarity with a system is absolutely necessary to its successful management. Knowledge is power. He who would successfully pursue a business must familiarize himself with every detail connected with it. The successful advertising agent—and success is here used in the sense of being useful to his patrons—is the one who has mastered the situation, so to speak, who has surveyed the entire field of newspaper activity and so thoroughly acquainted himself with its operations that he can make no mistake in utilizing its forces for the advantage of those whom he serves. Every newspaper has a character, an individuality, and its value as a medium of advertising is determined by that character. The extent of a newspaper's circulation, while a matter of importance, does not sum up everything in weighing its usefulness for the agent's purposes. The quality of its circulation is hardly less important than its quantity. The successful agent is he who knows both. This is the knowledge that constitutes power, for it follows, most surely, that if the agent knows the amount of circulation of a newspaper and the class of people among whom it circulates, he will be able to use it intelligently and bring the best results to his patrons from its use. One must see at a glance that this is the very first principle governing operations of an advertising agency. Knowing the class of readers, the agent knows exactly what class of advertising will receive the largest patronage from them, and he makes his contracts accordingly. Common sense must enter into all the operations of business, or failure will result. There would be no sense in advertising shoddy goods and brogans in a high-class society paper, or a brewer's goods in a temperance journal. This is the secret of the intelligent and experienced agent's success—the absolute knowledge of where to place an advertisement after it comes to his hands.

Those who have goods to advertise, whether merchants, specialists, inventors, discoverers, or others, should bear in mind that in intrusting their interests to an agent it is better to be guided by his advice, which is drawn from knowledge and experience, than to rely upon their own judgment. In the selection of a medium for the special line of goods the advertiser has to offer, the agent's intimate knowledge of the relative values of newspapers may be confidently relied upon. It is to his interest to secure the best results to the advertiser, and he will spare no pains to that end.

There is the matter also of preparing an advertisement. This is a matter of great importance. The advertisement should be attractive, both in its intellectual and mechanical construction. As may be supposed, the agent has a better knowledge, generally speaking, than the advertiser of the form of presentation, and if the matter is left to him, without doubt the task will be performed in a satisfactory manner.

WHY WORRY ABOUT IT?

Is It Wise to Worry About Your Advertising When We Are Willing to Take the Responsibility?

No business man can afford the time to thoroughly master the art of advertising. It is "time elaborately thrown away." He might be more profitably employed.

Every man to his specialty.

When an advertiser does his own advertising, it is "speculation;" when he does it through an experienced agent, it is "investment."

Select your agent carefully. You engage a lawyer who has made a reputation; a doctor who has wrought cures for a generation; a bank which has weathered financial storms. We have helped two generations to save money and make it, by showing how, when and where advertising should be done to produce the best results with the least expenditure.

Every year we have been able to serve our customers more efficiently, and to strengthen our friendly relations with publishers. We are confident that our facilities for obtaining the lowest possible terms are surpassed by none.

The whole art of advertising does not consist merely in clever wording, bold display and generous space. The mediums may be at fault. Circulation does not always settle the question. A hundred readers who are likely buyers are better than a thousand readers who, no matter what you advertise, would never buy—or go elsewhere.

The judgment of a good agent may be relied upon—his advice is valuable, and costs you nothing.

Let us hear from you.

“WAITING INSTRUCTIONS.”

Times are improving.

Business is coming. Some of it is here, and there is more to follow.

Now is the time to test the value of our experience in advertising. It is extensive and thorough.

We have told you that we can be of great use to you. We are waiting for the opportunity to prove it.

Never before have we been so thoroughly in command of the lowest possible prices, the hard times have had something to do with it, but our accumulated experience has done more.

Thoroughly equipped with a full staff of clever writers, artists and men well versed in every department of the business, we can give you the best service to be had.

Let us help you to find customers. That accomplished you can look after them. The first thing to be done is to get them, and nothing is so sure to effect them as good advertising, well and judiciously placed.

We are ready to take prompt and vigorous action the moment you entrust us with your orders. We are

			“ “	'25	W. Wed.		†5,136

Publishers' Statement.—Located at the State capital, and the center of population, has, by far, the largest circulation of any paper in the prosperous cities and towns of Central Maine. Results show its value to advertisers.—*See Adv.*

Gospel Banner.....	'34	W. Thu.	Univ.	6,500
Maine Democrat	'86	W. Wed.	Dem.	†4,160

Publishers' Statement.—The circulation of the Democrat exceeds that of any other paper in Kennebec County, and has a greater circulation in Augusta than any three other papers combined. The only paper printed in Kennebec County which has a sworn circulation.—*See Adv.*

Maine Farmer	'33	W. Thu.	Agr.	†9,000
---------------------------	-----	---------	------	--------

Publishers' Statement.—The only agricultural and family paper in Maine combined, containing matters of interest to the entire family, and departments of interest to every household. Goes into the homes of the thriftiest farmers, in many of which it has been a household word for more than sixty years. The value of its advertising columns clearly attested. Circulation, 9,990.—*See Adv.*

New Age	'67	W. Fri.	Dem.	†6,100
----------------------	-----	---------	------	--------

Publishers' Statement.—The New Age is the leading Democratic weekly of Maine. Its thirty years of honest and vigorous life has earned for it a standing among the Democratic families of Central Maine which is valuable to its advertising patrons. Once in it, advertisers stay there; it pays.—*See Adv.*

Publishers' Statement.—The four papers above named comprise the peerless Vickery & Hill List, the largest circulating papers of their kind in the world. It is the best list through which to reach the purchasing masses.—*See Adv.*

Comfort	'88	Mo.	Lit.	†1,057,840
----------------------	-----	-----	------	------------

Publishers' Statement.—Facts.—Comfort's circulation exceeds one million two hundred and fifty thousand copies each and every issue—or say fifteen millions for a year. It requires twelve cars every month, or one hundred and forty-four cars in twelve months, to transport these papers to the six million readers living in all parts of the country. While there are over nineteen thousand periodicals in this country, each having a smaller circulation than this monthly, “Comfort” is the only publication in the world whose circulation exceeds one million copies each issue, and is therefore the best-paying advertising medium in the country.—*See Adv.*

Publishers' Statement.—The Concord Evening Monitor is an 8-page evening paper, Republican in politics, and is the organ of the party at the State capital. It has 3,000 daily circulation, larger than any other paper in the city, and is the medium in its field. Its stock membership in the Associated Press gives it prestige. The Statesman is a large 8-page weekly paper—is the only Republican paper at the capital—is the organ of the party for the whole State—and circulates largely in every town within its limits. It is the official paper of the State. Its weekly circulation is greater than that of any other political publication in this part of New England. Therefore, it is exceedingly valuable as an advertising medium.—*See Adv.*

But with The Reformer the case is different. Being the only Democratic paper of the county it is entirely free to act, and has no limited field of operation. It is able, earnest, fearless and aggressive." J. H. Livingston, publisher.—*See Adv.*

<i>Publishers' Statement.</i> —Has the largest bona fide circulation of any evening paper west of the Missouri, and is peerless in its influence and character among the people of California. As an advertising medium it has no equal in that section. It issues a 12-page paper daily, 24 pages on Saturdays, and 16 pages weekly. It goes into the homes of the people, and has had their confidence for 41 years. It is read by the purchasing class and brings good results to its patrons.—See Adv.

Publishers' Statement.—"The Examiner guarantees its paid average circulation to be over 76,000 copies Daily, 90,000 Sunday and 76,000 Weekly. Advertising contracts are made on this basis, and the figures are guaranteed to be correct or no pay. The Examiner is the only California paper making a sworn statement to advertisers of its circulation and guaranteeing it to be correct in every particular. The Weekly Examiner has a larger circulation than all the weeklies of the San Francisco dailies combined, and is a particularly effective medium for reaching the better class of farmers, fruit-growers and stock-raisers."—See Adv.

			Times	'94	M. & E. ex. Su.	Ind.	†50,000

Publishers' Statement.—We have bought the Washington News and are thereby enabled to offer advertisers the largest and best circulation in Washington. The limited number of daily papers published in Washington makes it possible to cover this field with a smaller expenditure of money than any other city where the same number of people are to be reached. Its admirable make-up and condensed form render it more valuable to advertisers than blanket-sheet publications, and the best advertisers of the country have already ascertained this fact and profited by it. Rates are extremely reasonable, and are based on actual circulation. For particulars address The Times, Washington, D. C., or Pettingill & Co., Boston, Mass.

Army & Navy Register. '70 W. Sat. A. & N. 7,500

Publishers' Statement.—"Has the largest Military and Naval circulation, and also has a circulation among the National Guard, Naval Reserve and Loyal Legion and all who desire to keep posted on Service matters. It is the favorite; published at the headquarters of the Army and Navy makes it invaluable. Has proved to be an excellent advertising medium for those desiring to cover entire field. Our advertising columns speak for themselves. "Sixteen periodicals are devoted to Army and Navy matters. Of these the Army and Navy Register, issued weekly at Washington, D. C., gets credit for the largest circulation."—[From Printers' Ink, issue of May 8th, 1895.]

Publishers' Statement.—The Wesleyan Christian Advocate is the official organ of the Methodist Church in Georgia, and one of the oldest and best kept known religious papers in the South. It goes into 12,000 of the best homes in Georgia, Florida and Alabama every week. All the leading advertising agencies patronize the Wesleyan Christian Advocate constantly, because they know that Southern Methodists who buy are soonest, surest, cheapest reached through its columns. Rates low, results sure. Address Wesleyan Christian Advocate, Rev. T. T. Christian, Manager, 402 & 404 Equitable Building, Atlanta, Ga.

Publishers' Statement.—The Alton, Ills., Daily and Semi-Weekly Republican, a new paper, but phenomenally successful. Has eight pages, cut and pasted, making all pages equally valuable. Largest daily in Southern Illinois. Has ample capital. More home advertising than local rivals and equals them in circulation. Unsurpassed advertising medium. Rates and figures of circulation furnished. Address Alton, Ill., Republican Publishing Co.

Publishers' Statement.—The Semi-weekly Times is popular as a local newspaper among all classes, coming twice a week. It is eagerly looked for and as eagerly read. It has a large local advertising patronage, and is the most popular paper in this section, both among advertisers and subscribers. You can't cover Marshall, Putnam, Bureau and Stark Counties thoroughly without using the Times.

<i>Publishers' Statement.</i> —The Tuscola Review is without a rival in the rich corn belt of Illinois. It is the largest paper in Douglas County, and it covers this part of Illinois thoroughly. It is strictly up-to-date and reaches a thrifty and prosperous class of people. Tuscola is situated in a rich agricultural district, where failure of crops is never known. It is 156 miles from Chicago.

<i>Publishers' Statement.</i> —The Herald is the oldest paper at the county seat, which is the location of the University of Illinois. It gives full report of all court news, also of the school teachers of the county, of the county Sunday school work and of the churches. It rigidly excludes objectionable advertisements and is a clean, family paper.

Publishers' Statement.—Some papers reach only part of the community. Several such reach part of the community several times. Only the paper everybody reads reaches all classes at once. The Call is such a paper, and has a large clientele, who take no other, and whom, therefore, all others combined would miss. Costs but little more to reach everybody than to miss half of 'em. Thirty years of success in the same community tells its own story. Have customers who haven't been out of the paper for twenty-five years. Why? Because their advertisement pays them. Try us. Correspondence solicited. Lafayette is one of the most prosperous cities in the State and The Call is its most prosperous and influential paper. The daily covers a circulation of over 3,500, while the weekly reaches a happy constituency of over 3,800. Send for rates and full particulars to Frank S. Gray, Special Agent, Tribune Building, New York.

<i>Publishers' Statement.</i> —The Herald is the official paper of both county and city. All home print. Pages cut and numbered. Each page equally valuable to advertisers. A leader in enterprise, reliable in statement, moral in tone. Has the confidence of the masses, is read by all classes. Has a larger circulation and carries more home advertising than any other paper in the county. Exact in filling contracts. One of the choice advertising mediums of the famous blue grass region of Iowa.

<i>Publishers' Statement.</i>—The Davenport Daily Leader is Davenport's largest, brightest and best paper. It is a 7-column quarto, the only 8-page paper published in the city and vicinity. Being an evening paper with Associated Press reports up to 4 p. m., and with a Sunday morning issue, all delivered for 10 cents a week, it has the largest circulation of any daily in Davenport and Scott County, using the only web perfecting press on the line between Chicago and Des Moines. It is the only daily which gives special attention to local society events, to which it devotes a whole page of every Sunday Leader. It is, therefore, highly prized by the ladies. That the Leader is the best advertising medium of the locality is shown by the fact that it carries more than twice as much of the home advertising as any other Davenport paper does. Foreign advertisers cannot well cover Iowa without including the Leader. Rates furnished upon application.—See <i>Adv.</i>

<i>Publishers' Statement.</i>—The Pioneer has for its field the garden spot of Iowa—Ida County—and it covers the field completely. The paper has made a giant stride in circulation during 1895 and promises to make a still greater one in '96. Not only is its circulation growing rapidly in Ida County, but from outside as well, subscribers being attracted by special correspondence of the publisher, who travels almost continuously. The Pioneer's advertising rates are reasonable.

Publishers' Statement.—The Gate City (Daily and Weekly), are the official papers of Lee County and City of Keokuk; population over 45,000. Has largest circulation in county, in city, and tributary territory for 100 miles—proven in contest, under affidavit, before County Board of Supervisors, Feb. 22d, 1895. The Gate City wields an influence second to no other paper in the State, and is the best advertising medium in Southeastern Iowa.

Publishers' Statement.—Ever heard of the rich Iowa River Valley? Marengo is its centre. 50,000 people are tributary to Marengo and The Republican is its oldest newspaper. Only paper within radius of 30 miles printed all at home. Its readers are largely farmers, and the best class at that. New life has recently been thrown into The Republican, and those who do not swear at it—and they are few—swear by it.—Herbert S. Fairall, Editor and Manager.

Publishers' Statement.—There is always one newspaper that stands prominent among the people as a newspaper, and also as an advertising medium. The Ottumwa Press enjoys the confidence of the people of Southern Iowa, in both of these respects. Its honest and known circulation of 7,500 copies weekly is a guarantee to advertisers that their announcements will bring them results. We will take pleasure in mailing sample copies to any prospective advertisers who wish to cover Southern Iowa.—*See Adv.*

<i>Publishers' Statement.</i> —The Express, established 1868, is one of the oldest Iowa papers and has the best country printing establishment in the State. Its issue exceeds 2,200 every week, and thoroughly covers the rich agricultural County of Montgomery. It is all home print, and there is no better local advertising medium in Iowa. It accepts only reputable advertisements which will pay a reputable price. It is the only Republican paper. Red Oak city and county are Republican by nearly two to one.

Publishers' Statement.—"The Eagle" has an undisputed field—no competitor in southern, central and western Kansas, Oklahoma, eastern Colorado and New Mexico, Panhandle Texas and Indian Territory. It covers this field on the day of publication. No other daily can reach this territory on the same day of its publication. Look at the map of Kansas and Oklahoma in this book and see The Eagle's exclusive field. There is no press dispatch daily published in Oklahoma.—*See Adv.*

Publishers' Statement.—The Daily and Twice-a-Week Gleaner, one of the largest and newest papers in northwestern Kentucky, are published in a thriving city of 12,500 souls, in a rich surrounding country. Circulation covers Henderson, Union and Webster counties, thoroughly. Only paper in its territory having special wire service, typesetting machine, and complete facilities for printing an up-to-date newspaper. Advertising rates on application.

"	'83	W. Fri.		†2,700

Publishers' Statement.—The City Council for five successive years has elected the Daily Journal the official paper of the city. This in the face of offers by its contemporaries to do the work at half price. The Weekly Journal is the oldest paper in the county, and like the daily in the city does all the advertising required by law to be published in the leading paper of the county.

Publishers' Statement.—The Enterprise is one of the few papers in Kentucky which furnishes a sworn statement of circulation to any agency or advertiser interested. If it cannot prove its 2,000 no charge will be made for any advertising it may carry. It is "ten years young," and grows more prosperous with every year. A clean, bright paper which pays advertisers.

Publishers' Statement.—The Evening Times, six and eight pages, and Saturday Times are the leading newspapers of Western Maryland. The Times has three daily editions; reaches into West Virginia, Pennsylvania and the mining and timber regions of these States, circulates over seven railroads and is recognized as the leader of the daily press of the State outside of Baltimore. It is read by thousands and pays advertisers. At the Times office is published the Alleganian, eight pages, oldest and best weekly paper in the State.

<i>Publishers' Statement.</i>—Flint is the center of a large agricultural region and is populated by a good class of people. During the last few years several large manufacturing have sprung into existence, mostly engaged in making all kinds of vehicles. The News is considered by far the best daily in the city, and it has double the circulation of each of the other two papers, hence is the best advertising medium. The Genesee Democrat is the oldest newspaper published in Genesee County, which is mostly populated by good farmers in good circumstances. The circulation of The Democrat under the nine years of its present management has grown to very large proportions and it now has a larger circulation in every post office in the county than any other paper, and at some post offices has double and three times the circulation of any other competitor. Advertising in it pays.—<i>See Adv.</i>

<i>Publishers' Statement.</i>—The Port Huron Times has absorbed several other papers, the latest being The Commercial, the oldest paper in the city, and The Port Huron Tribune, which were purchased in December, 1895. The Daily Times is read in nearly every English-speaking family in Port Huron, and has a considerable circulation in adjacent cities and villages. The Weekly Times has a large circulation in every township of St. Clair County, which has 60,000 inhabitants, and in adjoining townships of bordering counties. The Daily and Weekly Times have a larger combined circulation in St. Clair County than all other local papers put together.

Publishers' Statement.—The circulation of the St. Paul Daily Dispatch during the year 1895 averaged 28,844 copies each day of publication. Its average circulation for December, 1895, and December, 1896, was 31,643. It is the only afternoon paper published in St. Paul, and circulates more than 15,000 copies in excess of any other daily in that city. It covers its territory in respect to both influence and circulation to a greater extent than any other Western newspaper.—*See Adv.*

Publishers' Statement.—The St. Paul Globe has the largest circulation of any morning paper in St. Paul, and is the most new-y and popular paper in the Northwest. It is the only Democratic paper in either of the two cities. It is improving steadily in quality of circulation, and the quantity of circulation is increasing rapidly. The circulation in the City of St. Paul is larger than ever before.—*See Adv.*

<i>Publishers' Statement.</i> —These papers now go into more than 9,430 homes. The Weeklies reach the farmers and besides Winona County, cover thoroughly portions of five adjoining counties. Complete telegraphic reports of general news of the world and 116 active correspondents give the local news in the territory covered. The Daily reaches the city of Winona and towns and villages tributary, and is the favorite local paper. Its superior local news service makes it the home newspaper and read by the women and entire family. One order and one electro does the business.

<i>Publishers' Statement.</i>—Fulton Weekly Gazette, published at Fulton, Callaway Co., Missouri, by J. I. Nichols, every Tuesday, Thursday and Saturday. Largest circulation (principally among farmers, stockraisers and dealers). Best advertising medium in the county. Circulates among the best people and reaches the buyers. Its columns are used by the largest local advertisers, who find it a paying medium. The paper is eighteen years old and has been the leading Democratic paper of the county for twelve years.

Publishers' Statement.—The circulation of the Daily and Sunday editions is more than double the combined circulations of all other Kansas city dailies. The circulation of the Weekly edition exceeds 105,000 paid-in-advance subscribers per week. No other weekly in the State of Missouri has as large a circulation. The Star's advertising rate is less per 1,000 of circulation than that of any other paper in Missouri. Kansas City advertisers pay the Star more money annually than they pay to all other local mediums together.—*See Adv.*

Publishers' Statement.—The Omaha Daily World-Herald has a larger circulation than any other paper in Omaha. This fact was established by the official decision of the Omaha Board of Fire and Police Commissioners, in a contest between the Omaha World-Herald and Omaha Bee, concerning the publication of about \$3,000 worth of advertising controlled by the Board. The date of the decision was January 3, 1896. The trial lasted more than a week, and the circulation books of both papers were produced before the Board and examined. The circulation of the Daily World-Herald exceeds 18,000 copies per day. The circulation of the Weekly World-Herald exceeds 20,000 copies regularly each week; and the Weekly World-Herald pays more postage than any other weekly in the State of Nebraska; it has a larger circulation than any other weekly in the State of Nebraska.

Publishers' Statement.—The Bridgeton Evening News has a larger circulation than any other paper printed in Cumberland County, and the accuracy of its rating is guaranteed by George P. Rowell & Co. of New York, who will pay a reward of \$100 to the first person who proves that its issues are not as stated. The Bridgeton Evening News (3,600) and Dollar Weekly News (1,600) print and circulate more copies in a month than all the other daily and weekly papers published in the county combined, with 10,000 to spare.

N. J. Patriot	'64	W. Fri.	Dem.	1,160
---------------------	-----	---------	------	-------

Publishers' Statement.—The Patriot is the leading Democratic paper of the First Congressional District. Advertisers who wish to reach the best people in this section can find no better medium. It is the great home paper, and it is in the home the advertiser finds his customers. The Patriot is just, enterprising, fearless. Advertising rates low. Published by John Chessman & Son.

<i>Publishers' Statement.</i>—The Item is the oldest paper in this city. Started in 1870 by the present owner. Over 25 years circulating among the farmers in three counties and the elite of this city, as well as the 2,000 mill hands. It goes also into nearly every home of the suburban towns of Rutherford, Garfield, Clifton, Wallington, Carlton Hill, Nutley, Centreville, etc. Over 3,500 circulation among regular and permanent readers. We are hustling and will run it up to 5,000.							
Paterson, C. S. . .	78,347	Passaic.	Evening News	'90	E. ex. Su.	Ind.	†5,600
<i>Publishers' Statement.</i>—The Evening News is the only one-cent paper. Its bona fide circulation exceeds 6,000 daily. It is the only evening paper printed from stereotyped forms on a web-perfecting press. Its circulation is larger than that of the other two evening papers combined, and nearly equal to that of all the other newspapers in Paterson. Sworn statement of circulation and rates of advertising mailed to any address. Advertisers always welcomed to investigate circulation books or paper bills.

Publishers' Statement.—The Commercial is pre-eminently the family newspaper of Buffalo. It is published in the afternoon, delivered largely by carrier at the homes and is read by the fireside. Local advertisers, knowing its value as an advertising medium, use its columns liberally. Is their experience worth anything to you? Correspondence solicited.—*See Adv.*

Courier	'28	M. ex. Su.	} Dem.	†12,000

"	'49	W. Wed.		

Publishers' Statement.—The Buffalo Courier, the leading paper of Western New York, desires to call your attention to a few facts. First, it is the recognized home paper in its territory; second, it is one of the only two morning dailies published in Buffalo, and has the best circulation six days in the week; third, its territory is one of the best in wealth and culture in the country, and the Courier is circulated every day in the year, Daily and Sunday.—*See Adv.*

Demokrat (German)...	'37	E. ex. Su.	} Dem.	†6,000
"	'37	Su.		
"	'37	W. Thu.		

Publishers' Statement.—It is conceded by experienced advertisers that one copy of a good German newspaper has the value of two English papers in bringing results for any legitimate business. We have general advertisers who have used the Demokrat steadily for the past 25 years. The Demokrat has 6,000 Daily and Sunday and 4,000 Weekly circulation.—*See Adv.*

Enquirer	'37	E. ex. Su.	Dem.	†18,000
----------------	-----	------------	------	---------

Publishers' Statement.—An old man may become decrepit with age; an old established newspaper may have lost the vigor of its youth and become a back number, supplanted by the younger and more progressive paper of the day. Such is the case in Buffalo. The Enquirer being the youngest, but having next to the largest circulation (we make sworn statement) of the dailies of Buffalo, is read by the banker, the merchant, the laboring man, the housewife and the children. It sells for one cent and the people find it reliable.—*See Adv.*

New Yorker Revue (Ger.)		'70	Su.		+66,000

Publishers' Statement.—Some of our regular advertisers: Hilton, Hughes & Co., successors to A. T. Stewart & Co.; Arnold, Constable & Co.; Macy & Co.; Hearn, Ehrichs, E. Ridley & Sons, Ludwig Bros., Ludwig Bauman & Co., Wm. Steinway, H. O'Neil & Co., Bloomingdale Bros., Riker the Druggist, and many other great firms. If they find it to their advantage to advertise in our papers, why don't you? Try them.

The circulation of the New Yorker Herold is very much larger than that of any other German daily in America. The New Yorker Revue is the one German paper issued on Sunday that exceeds all others in circulation.—[From Printers' Ink.]

Publishers' Statement.—The School Journal is the oldest (1870) weekly educational paper in the U. S., and has the largest circulation in every State and most foreign countries. It reaches superintendents, principals of schools, better-paid teachers, school-boards, etc. One issue each month is largely devoted to interests of school-boards. Nearly every firm dealing with schools is represented in it, and many general advertisers. Is published in its own seven-story building. Nearly 200 millions were spent in U. S. schools last year. Chicago and New York each spend about six millions in '96. Advertisers in the School Journal will secure some of this vast expenditure.

<i>Publishers' Statement.</i> —The Saratoga Sun is the leading Democratic organ in northeastern New York. It maintains a high literary standard, and although strongly partisan its discussion of all topics is always fair. This, together with its newness and general readableness, makes it a general favorite, regardless of politics. It has also a large general circulation in all parts of the country among Saratoga summer guests.

Publishers' Statement.—We can demonstrate to you that advertising ought to pay in Akron, O., and in the Democrat, if it does anywhere on earth. In placing your advertising you probably are governed by the one great law of trade, "Will it pay?" It will pay in Akron and in the Democrat, if anywhere. Why? Because Akron's mechanics and working people are paid every year more wages than those of any other city in Ohio—a third more than those of Springfield, O.; again as much as Canton's; twice as much as those of Cleveland, O. (population considered), and almost as much as those of Columbus, Toledo and Dayton, cities of two and three times the population of Akron. Our circular containing the statistics (official) to prove these assertions, mailed, on request, free.

<i>Publishers' Statement.</i> —The Advocate, the official and only Democratic paper in Democratic Licking County, is published daily, weekly, and Sunday. The Weekly was established in 1820, the Daily in 1882, and Sunday (only Sunday paper in County) in 1893. The Advocate enters not only the most, but the best homes, and is the largest paper in the county. Subscription, Daily \$3.00, Weekly \$1.00, Sunday \$1.50 a year. The Advocate leads in advertising patronage because it is pre-eminently the favorite of Newark papers, and has facilities unequalled in Newark and surpassed by no plant outside the larger cities. Rate low, but invariable. Sample copies and rate card upon application.

Publishers' Statement.—The Corry Daily Leader and Weekly Telegraph are the oldest and leading papers in the City of Corry. Popular in three counties, as they are located in Erie County, which joins Warren and Crawford, and are clean and reliable. The largest papers in the territory. Examine them on file in Pettingill & Co.'s office, Boston. These papers lead in advertising because they are taken to the homes of the people and thoroughly read—and refuse all advertising that is not clean.

West Grove	1,521	Chester.	Success with Flowers	'90	Mo.	Floral.	100,000
<i>Publishers' Statement.</i> —Success with Flowers is the only periodical in the world entirely devoted to floriculture; hence, reaches a distinctive class of people of refined taste—amateur floriculturists. This bright and cheerful exponent of an always interesting and popular topic is welcomed in the 100,000 homes, where it is received with unbounded enthusiasm. Assisted by a score or more of brilliant and talented correspondents, it has thoroughly leaped into popularity among the most desirable class of people in America.— <i>See Adv.</i>

<i>Publishers' Statement.</i> —The Houston Daily and Weekly Press are the most popular newspapers in their section, and are read and appreciated by their many well-to-do readers in South Texas, etc. They are clean and reliable. Largest papers of their kind. They lead in advertising patronage because they are pre-eminently the favorite family newspapers. Their rates are cheap and their service most prompt and punctual. They cover the most prosperous country on earth, South Texas, completely.

Publishers' Statement.—The circulation of Daily Virginian is largely in excess of any other publication in Norfolk. Its postal receipts, it is believed, will demonstrate that they are more than all the daily papers of Norfolk and Portsmouth combined. It is with two exceptions the most widely circulated daily journal in Virginia and North Carolina, and as a consequence is the best medium for the advertiser.—See *Adv.*

Publishers' Statement.—The actual average circulation of the Richmond Dispatch for 1895 was: Daily, 10,684; Sunday, 14,749; Weekly, 9,855, among the intelligent and prosperous families of Virginia and North Carolina. Proof of circulation furnished on application. No objectionable matter allowed in its columns at any price. Its use year after year by the leading advertisers of the United States attests its value as an advertising medium. New York office, Tribune Building.

Publishers' Statement.—The Jefferson County Union has the confidence of the great Newspaper Advertising Agencies. Why? Because it gives its actual issues (not problematical “circulation”) for every week in the year. Its subscription books and its lay-out orders to the foreman are preserved for inspection. Everything is above board and straightforward. The record of weight at the local post office bears out our statement of issues on the basis of four to the pound. We averaged 3,756 complete copies of the Union weekly for the twelve months—Dec. 7th, 1894, to Nov. 29th, 1895. We publish over 4,000 weekly now. Isn't this argument enough to induce you to give us a trial order for advertising.

<i>Publishers' Statement.</i>—The Daily and Weekly Telegraph have the largest and widest circulation of any daily and weekly in Canada east of Montreal. They are the only papers in the maritime provinces that have an illustrating plant of their own, and are therefore the only ones able to take advantage to the fullest extent of all local happenings,—accidents, meetings, conventions, etc.—for extra sales. The people always look for the fullest report in the Telegraph. Write for rates to Telegraph Publishing Co., St. John, N. B.

NEWSPAPER ADVERTISEMENTS

THE Publishers direct the attention of all who receive copy of this Directory to the representative newspaper advertisements which appear, properly classified in the order of States, in this issue. It has always been a matter of pardonable pride on our part that the best newspapers of the country look upon our publication as a valuable medium with which to represent their claims for advertising patronage to the general advertisers of the country. It is one of the most emphatic endorsements as to the constituency we reach and the character of our publication that they have availed themselves of the advertising department so liberally. It is our sincere desire that advertisers will recognize the great assistance that a perusal of the advertising pages of our Directory will be to them in seeking the best information as to the character of any publication they intend to make use of. It is of course impossible in a classified list of newspapers in a line, or even a few lines, for a paper to state all that they would wish to about their own value as an advertising medium. In the space taken by them for advertisements, however, these points are clearly and strongly brought out, and we certainly consider there is no feature of the book more useful and which will prove to be of greater assistance to the advertisers than a study of the advertising pages.

It will be noted that in this issue of our Directory, in the classified lists, the newspapers that have entered orders for advertisements will have their names printed in somewhat larger type, with a few lines immediately following, reference being made to their advertisements. The class of papers who have taken space in this issue are, as a whole, superior to any ever published in a book of the same character. They are papers we are glad to recommend to advertisers, and especially glad ourselves to at any time give information about or secure business for them. While not in any way claiming that all valuable papers are herewith represented, we can and do urge the consideration of them, in the interests of advertisers.

We also desire to take occasion in this article to extend our thanks to newspapers who have patronized the advertising pages so liberally, and to express the hope, as we constantly do, that it may be found a valuable medium for their purpose.

Very truly yours,

PETTINGILL & CO.

ENLARGED AND IMPROVED.

During 1896, the *New York Ledger* will contain more attractive reading matter than in any year of its splendid history. **Its size will be 20 pages instead of 16 pages.** This change of size will enable the publishers to give a much greater quantity of matter, for which arrangements have been made with the most popular writers. In addition to its continued stories, which have always been the best and most popular, it will publish illustrated sketches, articles by famous preachers and authors on the leading topics of the day, a delightful Children's Column, Correspondence Column, Scientific Articles, a department devoted to fashions, household information and domestic affairs, entitled the Woman's World, and a thousand and one articles on topics of general interest, each number containing something for every member of the family.

The following is a partial list of our contributors for 1896 :

Rudyard Kipling,	A. Conan Doyle,	Julian Hawthorne,	Prof. Felix Oswald,
Mrs. Burton Harrison,	J. M. Barrie,	S. R. Crockett,	Rev. Dr. John Hall,
Elizabeth Olmís,	Bret Harte,	Jerome K. Jerome,	Rev. S. Parkes Cadman,
Brander Matthews,	Mary E. Wilkins,	Olive Thorne Miller,	Charles F. Holder,
Engene Field,	Seward W. Hopkins,	Florence Warden,	Sarah Orne Jewett,
Maxwell Gray,	Frank R. Stockton,	S. Baring Gould,	R. D. Blackmore (Author
Will Lisenbee,	Mary Kyle Dallas,	Ralph H. Shaw,	of "Lorna Doone"),
Hamlin Garland,	Stanley J. Weyman,	The Duchess,	Mrs. N. S. Stowell,
Sarah Grand,	Anthony Hope,	Gilbert Parker,	Effie Adelaide Rowlands,
Miss Braddon,	Mrs. Alexander,	John R. Musick,	Martin Hunter,
Ian Maclaren,	Amelia E. Barr,	Virginia Niles Leeds,	Eben E. Rexford.

With such a list of contributors, the *New York Ledger* will be the most interesting weekly family paper published in the United States.

WATERVILLE, ME.

Waterville in recent years has grown faster, both in population and wealth, than any other city in Maine. Its population is now above 8,500, and by the next census will be at least 12,000.

The manufacturing plants in Waterville and Winslow represent capital invested to the amount of \$5,000,000, with hundreds of thousands more invested in manufactures in the adjoining towns of Fairfield, Oakfield and Vassalboro.

Waterville is the seat of Colby University and of the Colburn Classical Institute.

THE MAIL.

There are but two evening papers published in that large and important section of Maine lying between Portland and Bangor. One of these papers is the **Evening Mail**. It is read by a class of people who have money to pay for what they buy — an important consideration for advertisers.

The Weekly Mail, established in 1847, has always been the favorite newspaper in Waterville and the surrounding sections.

ANY advertisement that will bring profitable results in any religious or philanthropical publication will pay the advertiser if placed in the **GOOD WILL RECORD.** This little monthly publication is the official record of the happenings and the progress of the work at Good Will Farm, East Fairfield, Me., which is a notable, philanthropical institution, doing a grand work in the education and training of Needy and Deserving Boys. Every item in the **RECORD** is carefully scanned each month by the 4000 supporters of the Good Will Homes, among whom are numbered many wealthy and notable citizens of New England.

Send for sample copy—not necessarily with a view to advertising, but if you have a curiosity to learn something of this unique institution. We would like newspaper men, as well as advertisers, to know about Good Will Farm. For sample copy and advertising rates, address Rev. G. W. Hinckley, East Fairfield, Maine.

"Comfort's" = Bid

—for the patronage of the general advertiser, seeking wide-spread and far-reaching publicity, is based on the following features:

1st. = Its Circulation.

"COMFORT" already has a regular monthly circulation of over one million and a quarter copies—a circulation, moreover, that is growing steadily in every branch of its various outlets: mail and subscription departments, news-stand and newsboys' sales. These monthly figures foot up more than fifteen million copies per annum—a circulation unequaled by any other Magazine on earth.

2d. = Illustrations in Color.

"COMFORT" heralds the dawn of a new era of progress in the Monthly Magazine by printing its cover and numerous illustrations in from five to eight bright colors, a feature, of which the instant success has been simply amazing.

3d. = They are Satisfied.

The proprietors of "Comfort" are entirely satisfied. This sounds strange, doesn't it? They are satisfied, from present indications, that a circulation for "COMFORT" of two million copies monthly will be reached in the not remote future. They are also satisfied that if you were to try this Magazine as an advertising medium their "Comfort" and your profit would "train" together. "COMFORT" sells anywhere anything worth advertising.

Printers Exchange, 97-99-10 Exchange Street, Portland, Me., is the mechanical home of 16 newspapers listed in this directory. The street floor has three stores, occupied by Daily Evening News, Portland Press and Central office of Suburban Weeklies. Mechanically the latter office is like a daily, only each day's issue goes to a different territory. The entire territory embraces a tract about 50 miles long, and 100 miles wide, and is divided end on one or another of the Suburban Weeklies for their home news. At every hamlet a correspondent reports the news and the mail that brings their local paper is the one time in the week that the printer is called upon. There are 50 columns of locals are printed weekly. They are eight page, six or seven column papers, only two pages being the same in all of them. The nucleus paper, the Narragansett-Gorham Sun, has excellent management since 1891. Since then four papers have been bought in (three of them plants complete), and three new ones have been started. The five, viz: Cape Elizabeth Coast Watch, Deering News, Six Towns (Freeport) Times, Narragansett (Gorham) Sun and Westbrook Globe-Star. Each paper is edited at home, but the mechanical functions consolidated in Portland, whereby Portland merchants benefit. We certify the entire surrounding country. These papers are used by all but one of the Portland dry goods dealers, all of the clothing houses, all of the grocers, all of the dealers and all of the dentists. We advertise regularly in these suburban papers whose ads. are rarely or never seen in any of the Portland papers. Ads. you do and don't see in these papers are: Dr. J. C. Greene's Nervura, Beecham's Pills, Cheney Medicine Co., Lydia E. Pinkham's Menstrual Regulator, Worcester Salt, Celery Crackers, Kickapoo Indian Sagwa, Pillsbury's Baking Powder, etc. If you want ads, you don't, Royal Baking Powder, Munson & Co., Pennyroyal Pills, Erie Medical Co., Light Running New Home, Lippman Bros., F. P. F., Faultless Chewings, Gum, etc. If you want to know how the Libby & Smith press profess the motto: we claim only what we have and have nothing to keep dark. Their pressroom is always open to visitors. Tuesday afternoon of each week all the papers are piled up, one side printed, and another side ready to be printed.

**Libby & Smith** are the proprietors of the press. A fine four roller press is used, which does fair work on half-tones, considering the size of the press. The Libby & Smith press does for the five papers. More than 40 boys are selling regularly, some of whom have sold more than three years. To illustrate the growth of the business, the number of reductions of the mail lists have been made of lists for one week in 1893, one in 1894, one in 1895. They show 64 subscribers to space the side of the Libby & Smith press. Legible with a microscope, and will be sent to any address on request. Bills for white paper, etc., are open to inspection, not expecting cash in books. Total circulation 5225.

AVERAGE CIRCULATION FOR 1895, 6,181.

Although the youngest paper in Portland, it has by its enterprise and quality as a Newspaper, attained the Largest Daily Circulation in Maine. The Express has the Associated Press Franchise.

Considering circulation, its Advertising Rates are low.

The EXPRESS is NOT SENSATIONAL, but aims to be a clean FAMILY PAPER.

Portland is the metropolis of the State. Its business is largely commercial, but it has a great variety of manufacturing industries, requiring skilled mechanics, who receive excellent pay. It is, therefore, a good market in which to sell almost any commodity.

Ninety per cent. of the circulation of the Express is delivered to regular subscribers, by carrier or mail. It is circulated principally in Portland and the towns within a radius of ten miles, but is taken more or less all over Cumberland county, in which Portland is situated.

It is circulated among the best class of citizens. It reaches the buyers. The EXPRESS can give more publicity in its section of the State than any daily in Portland.

The WEEKLY EXPRESS circulates in the farming districts. It is an eight-page paper. Circulation guaranteed—average for 1895, 1,138.

Portland, Maine.

Portland is Maine's Great City . . .  
The Press is Maine's Great Paper.

These two facts are self evident to anyone who knows both the city and paper. Those who are not acquainted with either should bear in mind that Portland is a city of 40,000 inhabitants, and with large suburban population and is the center of all railroad and steamboat lines. Buyers within a large radius have easy and comfortable means of reaching its markets. It is also the commercial gateway of Maine.

The Press is the cleanest and brightest paper printed in Portland. It believes that in catering to the reader it helps the advertiser. Therefore it spends more money than any other Portland paper in getting the best writers and the latest news. This with the best equipped office mechanically enables them to print a cleanly newsy paper, with a makeup which gives the advertiser full value.

The Press also issues a weekly edition under the name of the Maine State Press and a Sunday edition under the name of the Portland Sunday Times. Both have their special fields which are covered by no other papers.

## THE \* PORTSMOUTH \* JOURNAL

LEWIS W. BREWSTER & SON, Publishers.

Established June, 1793.

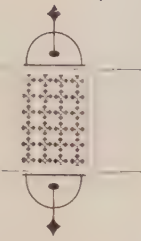

Over a Century in age.

It is an accepted fact that a good and well-established WEEKLY is the Best paper to advertise in. The JOURNAL is well patronized.

The town of EXETER, New Hampshire, is in the midst of a population of 50,000 prosperous people of Rockingham county, and the town is prominent and influential far above what its population, or wealth, or business would warrant. It is the ideal New England town—the ideal American town. Rich in historic associations beyond comparison, it is strong with modern progress and marked by a healthy growth. All these facts stand out prominently in the EXETER NEWS-LETTER, which everywhere attracts attention by its excellence. Few towns of its size in the country boast of such a paper, the expense of publishing which is said to be greater than any village weekly in the state. It evidently pays the NEWS-LETTER's owner to pursue this liberal policy, for the paper is housed in its own handsome brick and granite building, which ornaments an historic corner of the main street, and its plant is said to be up to date and very complete. It has been asserted without contradiction, that the NEWS-LETTER is the only weekly paper in the whole State of New Hampshire which sets in its own office all the type from which the paper is printed. A copy of the NEWS-LETTER is promptly mailed to all desiring it.

# NEW HAMPSHIRE LEADERS

Concord Evening Monitor,  
Independent Statesman,  
The Granite Monthly,  
The Congregational Record  
New Hampshire Journal.

THERE is no possible combination of papers in New Hampshire that so entirely covers the State, at so reasonable figures, as this now presented for your consideration. The long-established and well-known political weekly, **The Statesman**, with its daily edition, **The Monitor**, needs no extended description to old advertisers.

The State's literary magazine, **The Granite Monthly**, is a gem of the printer's art and the pride of the citizens of the State, as evidenced by the rapid growth of its circulation, which in a year and a half increased more than six fold, and is now to be found on the library tables of nearly all the leading men of the State, whatever their political or religious opinions.

**The Congregational Record and New Hampshire Journal** is the last of the quartette, and is the organ of the Congregational and Presbyterian Churches of the State, and represents the leading religious body of the State.

You can't cover New Hampshire and not use them.

# THE VERMONT WATCHMAN.

Watchman Publishing Company,  
MONTPELIER, VT.

Compact Circulation in the Thrifty Heart of Vermont.

ONE copy of a newspaper, says an expert judge, that goes into the HOME and is read by the FAMILY, is worth more to advertisers than a hundred sold promiscuously on the streets, or at the news-stands. For nearly a century THE WATCHMAN has been the great Family Paper of Central Vermont. It goes into more HOMES today than ever before. It is taken by thrifty people who buy goods and pay for them. It is taken by more people than any other paper in Central Vermont—very many more. It blankets all the country of which Montpelier, the Capital City, is the commercial center.

Its circulation is superior in QUALITY as well as quantity. It is therefore THE BEST MEANS of reaching the people of this region; THE BEST PAPER for advertising.

# ARGUS AND PATRIOT

MONTPELIER, VT.

It is not only by all odds the most widely circulated paper in Vermont, but it is more generally sought for and eagerly read than any other in proportion to its circulation.

Nearly everybody wants to read it, and nearly everybody does, whether they subscribe for it or not.

... Circulation over 8,000 ...

The NORTHFIELD NEWS, established in 1876, is to 12 pages weekly. Its plant is modern in every particular. It has a job department which is thoroughly equipped, and its presses are driven by electric power.

Its actual circulation is over 2,000 copies weekly, while its actual average for the past year, including extra sales and sample copies, was a trifle more than 2,500 copies weekly. Its subscription price is \$1.25 per year in advance. It is the newspaper which brings business to advertisers from the central portion of the State.

Its publisher interests himself personally in every advertisement to have it please, and give the best possible results.

The rates are very reasonable. The results are very sure.

Northfield is situated in the central and most prosperous portion of Vermont.

It is the only village or city in the State which has an electric plant, both for lighting and day power, under municipal control.

BRATTLEBORO, VT.

Circulation 5,300 copies. "The largest circulation in the State of Vermont."—*Rowell's Directory*.

The leading men of both parties take it because it is admittedly the ablest paper editorially in the State.

In its own town of 6,800 people, it circulates over 1,200 regularly, practically going to every family.

In its own county where four other papers are published, and all Republican, it averages a copy for every other family, and by the exchanging of reading among farmers, comes very near reaching every family.

Nowhere in the world probably is there so nearly a universal circulation. The fact that this is done by a Democratic paper in a Republican section, makes it all the more remarkable.

# FILLS THE FIELD.

THE EVENING NEWS of Salem, Mass., thoroughly covers every part of its territory by an extensive system of agents, and reaches everybody who will buy a local paper. The circulation has grown steadily, so that at the end of 15 years a daily edition of over 15,500 is guaranteed advertisers. The circulation is among a class of people who earn good wages, and therefore have money to spend. Advertisers must be benefitted if they appeal to the readers of THE NEWS for business.

THE NEWS averages 40 columns advertising a day, and frequently issues 12 pages on account of the great amount of transient business. The new announcements for a single day, often run up to 75, the average being over 40. The list of patrons includes over 300 local advertisers, showing that THE NEWS is favorably regarded by business men who are in a position to know what sort of a paper it is.

Advertising rates are reasonable, and will be sent, with sample copies, on application.

### A BIT OF HISTORY

THERE are 48 larger towns in Massachusetts than Provincetown, yet it exceeds in population every other town in Barnstable county, and also such thrifty towns as Easton, Rockport, Amherst, Concord, Hopkinton, Reading, Canton, Milton, Abington, Millbury, Winchendon, Bridgewater, Hingham and Whitman. Inquiry shows that in Alaska, the Indian Territory, and Idaho there is no town as large as Provincetown. Arizona, Delaware, District of Columbia, and Oklahoma have only one larger town each. Alabama has ten, Arkansas five, Colorado six, Florida four, and Louisiana only four towns larger than Provincetown. In Georgia Provincetown would be tenth in size, Kansas eleventh, Maryland seventh, Mississippi seventh, North Carolina eighth, and South Carolina fourth. This certainly is not a bad showing. Indeed Provincetown is larger than most American towns were when Lafayette visited us in 1825.

The BEACON is a 12-page paper, weekly, the largest on Cape Cod, and has the largest circulation by far of any other County paper in the largest town in the County of Barnstable.

**T**HE MONITOR is the oldest paper in the city of Fall River, having been established in 1826, and therefore has a sound and substantial list of subscribers, being read largely in the city and country towns around it. It is a thoroughly family paper, with new and very choice reading matter, and not a rehash of old matter made up from a daily paper. It is therefore the VERY BEST medium for advertisers, as well as bearing in mind the fact that an advertisement is more sure to be read in a weekly than a daily paper. Our advertising terms are liberal.

# THE NEWPORT DAILY NEWS

A DAILY FOR 50 YEARS.

The News is a good newspaper, conducted most carefully and thoroughly in every way.

Everything which the paper contains is up to date; its United Press service comes by special wire, supplemented by special dispatches. Its local news and society reports are full; its editorials are able and timely; its literary selections from the best and freshest sources, and its several features are well sustained. Everything, whether in its reading or advertising, which is unworthy, is excluded from its columns. The News reaches, practically every home in Newport, including summer residences, and is delivered by wagons upon 40 miles of road in the adjoining towns, reaching 80 per cent. of the residences.

Prices for advertising have been evolved from the experience of many years, and are adhered to strictly. Its best friends are those who have known it the longest.

"It is believed that there are few mediums of greater value, considering the cost, for high-class advertising than the Newport Daily News."—*Printer's Ink*.

THE AMERICAN ENTERPRISE. Knowing the vast difference between right and wrong, the AMERICAN ENTERPRISE boldly upholds the one and bitterly denounces the other.  
THE AMERICAN ENTERPRISE. No paper in Hartford County is more in touch with the working classes than their sturdy champion—THE AMERICAN ENTERPRISE.  
THE AMERICAN ENTERPRISE is essentially different from any other newspaper issued in the State. Its crisp, pungent observations on "men and things" set people a-thinking.  
THE AMERICAN ENTERPRISE. Its Local Department is newsy and entertaining. Its Editorial columns are full of life and vivacity, and its "Town Gossip" will dispel "that tired feeling" which afflicts so many.

The accompanying cuts illustrate the best device ever offered for interchangeable newspaper advertisements. The plate is held on the base very securely when locked up in a form, with no chance of moving in either direction, and can be readily changed by simply loosening the form without removal of the base from the form. The bases are made 12, 12 1/2 and 13 ems pica, the 13 em width being always furnished unless otherwise specified, it being the width required by the majority of newspapers. These bases and plates are extensively used by many of the largest advertisers and give universal satisfaction. Many testimonials to the merit of these bases have been received from advertisers and also from the newspapers.

# THREE OPINIONS ON THE VALUE TO ADVERTISERS OF THE NEW YORK EVENING POST

## Manly Marcus Gillam

advertising, formerly  
editor of the Philadelphia  
Record.

## Charles Austin Bates

## Printers' Ink (Editorial)

"The Little Schoolmaster  
of the Art of Advertising"  
—the national authority on  
this subject.

"Plenty of the readers of a paper like the Evening Post are worth to the average advertiser several times the number of readers of most papers of a cheap grade. There is very little waste timber among their readers. The name of such a paper with its readers is a household word, its doctrines law, its endorsement a guarantee.

"Its reading matter is absolutely reliable. When you feel that way about the reading matter, you feel the same toward the ads.—you cannot help it. I believe 80 per cent. of the 25,000 Evening Post readers read the ads."

"The advertiser who will use but one evening paper in New York City, will, nine times in ten, act wisely in selecting the Evening Post. In influence and respectability it easily takes the lead among evening papers."

# NEW YORK MERCURY

The DAILY MERCURY has a circulation in the City of New York exceeding 50,000 daily and is one of the very best advertising mediums in the United States.

The SUNDAY MERCURY has a circulation exceeding 75,000 and was established in 1839.

# JENNESS MILLER MONTHLY

A MAGAZINE READ BY WOMEN.

Our circulation is almost exclusively among women, the well-to-do, progressive, thoughtful and intelligent class at that — the women that are constantly on the lookout for what is latest and best. All experienced advertisers know that women are the principal buyers not only of food products and household articles, but also of many things that are not directly connected with the household *menage*. In many cases they influence sales where they are not themselves actual purchasers.

What results would your advertising bring if read only by men? What proportion of direct answers to your advertisements are from men? How many men know what brands of baking powder, soap, flour, or oatmeal are used in their own homes? How many men are there who take the slightest interest in all the cloth, underclothing, perfume or toilet article advertisements?

What have the results been in your case? The largest and most successful advertisers to-day have made their money by appealing to Women. Look at our columns and note the line of advertisers we carry — houses that renew with us year after year *because it pays them to do so*. If your goods appeal to Women, and if you advertise, you cannot afford to overlook JENNESS MILLER MONTHLY.

\* \* I have had occasion to test PUBLIC OPINION a number of times in the past years, and in no case have any of our customers reported adversely on your paper. A case in point: I put PUBLIC OPINION on a list of high-priced publications, your rates not being one-half that of every other paper used. A few months later the advertiser said: "I have received applications from eleven different States mentioning PUBLIC OPINION, and more in number than from any of the other publications, and, frankly, that is the paper that I did not expect to hear anything from when I saw it on your list." Very respectfully,

PUBLISHED WEEKLY BY  
THE PUBLIC OPINION COMPANY, NEW YORK

Every subscriber to PUBLIC OPINION is an intelligent man or woman. This stands the test of logic from the very nature of the journal. The intelligent person is, generally speaking, well-to-do. It is to the intelligent and well-to-do that advertisements of whatever nature are addressed, and therein lies the value of PUBLIC OPINION. Another point to be remembered is that the subscriber to an eclectic weekly seldom reads many others—it isn't necessary, as you will appreciate if you will send for a sample copy of the paper—3000 in 1.

Rates low—standing high—circulation large, bona fide, and well distributed.

## The Review of Reviews

1. Has a monthly sale greater than the aggregate circulation of all the other American monthly reviews, and far larger than any other magazine in the world which does not publish fiction.

\* \* \*

2. Of the half million people, calculating five readers to a buyer, who read The Review of Reviews each month, no less than three fourths are subscribers who have paid in advance for their subscriptions, and keep the magazine through the month on their library tables. With practically all other magazines this class of their constituency is only one-fourth instead of three-fourths, and the remainder are people who buy copies on the news stands, and who may or may not take them home.

\* \* \*

3. These half million readers are made up exclusively of intelligent women and men, in prosperous circumstances. Unless they are intelligent, they would not want to read a serious magazine like The Review of Reviews; and unless they were prosperous, as well, they would not want to pay 25 cents for a periodical. That there are plenty of such people left in America is proved by the fact that The Review of Reviews' subscription list is growing fast, faster than any time in three years, notwithstanding its maintenance of the 25 cent price.

"Retail advertising has to hit the women or it has missed its mark."—SPATULA.

THESE journals are read by over 200,000 women each month. They are published monthly. For advertising purposes they are considered one, giving a combined circulation of over 80,000 copies per month. Advertising rate 50c. per agate line. Regular discounts for time contracts, 5% for three, 10% for six and 20% for twelve months. Advertisements are not received for any one journal separately, but for the whole list. Special rates for half and full pages. Wholesale dealers will find these journals most useful in familiarizing the ladies with the trade-mark or name of any material which they wish to introduce. When a lady asks a retail merchant for a brand of goods, the jobber will have no trouble to introduce it.

These journals are not destroyed as are newspapers, but as they are kept a long time as books of reference, your advertisement is kept with them.

# The Trained Nurse

— Is the only strictly professional Nursing Journal in America.

• • •

It is well for prudent advertisers to bear these points in mind.

- FACT 1. There are in the U. S. and Canada over 10,000 graduate nurses, all with a trained professional education.
- FACT 2. There are over 1,800 hospitals, sanitariums, etc., where trained nurses are employed, and which are reached systematically only by **THE TRAINED NURSE**.
- FACT 3. There is only *one* way to reach this intelligent constituency. No "lists" of them are available. (They change their addresses two or three times a month some times). They can be reached through their own journal, **THE TRAINED NURSE**.

These facts are our arguments. All advertisements must be strictly professional.

Why not use the same horse-sense in selecting papers for your advertising that you exercise in other business matters? You read. You don't select a paper for chromos or gilded premiums. The village boy may. The thinking farmer doesn't. You will know a real helpful farm and garden and fruit paper when you see it. All you need is a copy of the papers and a little time to study them. The paper itself—not the solicitor—is the best index to its value to readers, and the more valuable it is to its readers, the more valuable it is to advertisers. A copy of THE RURAL NEW-YORKER as a standard will help in the selection of a paying list. Do you want to see a copy?

## Popular Science ::

NEWS Invention, Chemistry, Electricity, HEALTH  
Botany, Nature, Medicine, Hygiene,

This Journal, formerly the Boston Journal of Chemistry, now in its THIRTIETH YEAR, and published about the 15th of each month, has been moved from Boston, much improved in many ways, and the number of pages doubled.

Its value and usefulness has also been very largely increased by the purchase and absorption of the following similar publications: Field and School Naturalist, Health and Home, Health Helper, American Analyst, Minerals, Young Scientist, Industrial Monthly, Technologist, Geographical Magazine, Home Arts, Archaeologist, Youth's Journal, Dr. Foote's Health Monthly, and Hall's Journal of Health.

POPULAR SCIENCE is an Educational, Scientific and Popular Medical Journal, of special interest to Chronic Invalids. It is read largely by intelligent and educated Bankers, Clergymen, Lawyers, Manufacturers, Chemists, Railway Officials, Physicians, Dentists, Photographers, Professors, Teachers and people of Wealth, Education and leisure generally.

# THE NORTH AMERICAN REVIEW

has more celebrated contributors than any other magazine; is the recognized medium for the expression of opinion of prominent writers on vital subjects.

## THE NORTH AMERICAN REVIEW

goes without exception to cultured men and women in comfortable circumstances. Its subscription price (\$5.00 per year) makes sure the fact that it reaches no one who cannot afford to buy the average advertised article. Despite the select character of its circulation, it reaches thousands upon thousands.

To make superior plates requires superior patterns.

If you find difficulty in securing first-class patterns, the National Press Company will design and make them for you. You will please take notice, however, that while the National Press Company makes plates cheaper than anybody else, the National Press Company does not make cheap patterns. In fact, the National Press Company charges huge money for that kind of

work—but the work done by the National Press Company is worth more than the National Press Company charges for it.

## BROOKLYN

The Progressive and Popular  
Paper of the Greater New York.

### Essentially a Newspaper.

lated of all the Brooklyn papers.

While distinguished for enterprise, care has been taken from the beginning of its career to admit nothing to its columns that would offend the moral sense of self-respecting people.

THE BROOKLYN DAILY CITIZEN is now in its tenth year, and is the most largely circulated of all the Brooklyn papers. It is essentially a Newspaper for the home circle.

In politics it is Democratic but its democracy has never prevented it from condemning evil in democrats or upholding men of other parties who did right. It is the organ of citizens irrespective of party who make the public well-being their first consideration.

### In Politics.

### Educational Affairs.

The attention which it gives Educational affairs has secured for it a practical monopoly of the favor of the nearly three thousand teachers in the public schools.

Similarly, the admirable manner in which it has caused the various public movements in which ladies

are engaged to be reported has made it the chief medium of news for the refined, social, benevolent and fashionable life of Brooklyn.

### Public Movements.

### Labor and Capital.

Entirely free from all entangling alliances with rings or corporations of any kind, it is listened to by labor and honest capital alike with a confidence that makes it an unequalled power for good. There has been nothing done for the advancement of the city during the past ten years in which the CITIZEN has not been an influential force.

It is the only Brooklyn paper that favors the consolidation of Brooklyn with New York.

### Favors Consolidation.

### Advertisers.

The people, whom it is the object of nearly all important advertisers to reach are precisely those who read the CITIZEN. It offers no encouragement to either criminal classes or those who suffer a depraved taste. Its appeal is wholly to what is virtuous, honest, self-supporting and thoughtful in the community.

The CITIZEN has been enormously successful.

It owns the splendid building in which it is housed, and which is the most valuable piece of business property in the city.

### Enormously Successful.

### The Equipment.

The equipment of the CITIZEN is complete and up to date in all respects. Its composing room is filled with typesetting machines of the latest pattern, its pressroom is adorned with specimens of the skill of the Hoes of New York and the Goss Company of Chicago.

The CITIZEN is now so thoroughly interwoven with all that is really influential and honorably characteristic of Brooklyn that it may fairly be called the chief institution in the city. Its circulation books are always open to advertisers.

"THE EAGLE has long been a power in Brooklyn."—*New York Tribune*.

"The Eagle is half a century old, and one of Brooklyn's cherished institutions."—*Syracuse Journal*.

"The Eagle is unrivalled in the particular field it aims to cover."—*Albany Argus*.

"It is well known that The Eagle has long stood in the front rank of good journalism, which means a newspaper in its best sense, a paper for the people, and not an organ for the few—and it is housed in as fine a building as any newspaper in the land."—*American Advertiser Reporter*.

"The Eagle is admired by journalists all over the country as the best example of a purely local newspaper. It publishes all the news of the world, but its first aim is to record the affairs of Brooklyn, and this it does with remarkable thoroughness, and with such fairness that even in political contests it publishes full reports upon both sides. It is clean and dignified, and has prospered to the point of owning a model building which is one of the sights of the town."—*From Harper's Monthly for April, 1893*.

"One of the ablest and most influential papers in the United States."—*Rochester Democrat and Chronicle*.

"The Eagle has well deserved the prosperity it enjoys."—*New York World*.

**H**AS reached nearly a half century of life. Its history has been one of advancement and healthy growth, until now it holds a commanding position among the great metropolitan newspapers of America. Its facilities for newsgathering are unsurpassed, and all the elaborate machinery required in the making of a great daily newspaper are at its command.

THE TIMES takes great pride in its Long Island Department. Its Long Island page is one of its many bright features, and reflects every important happening on the Island. The policy of THE TIMES in lending its influence to the development of the Island's progress, rather than publishing only the sensational side of its daily life, has made for it hosts of friends. THE TIMES is sold in 100 Long Island villages every afternoon, and is the recognized family newspaper of the city of Brooklyn, with its million inhabitants. Its value as

The city of Cohoes is the greatest shipping point in northern New York, the extensive manufacturing of knit goods, cotton cloth machine works, tube works, and a variety of other works make this city one humming, busy, thrifty municipality with thousands of thrifty people who earn annually fair compensation for their labor, they are the purchasers. They spend annually hundreds of thousands of dollars. This city too, can boast of many rich manufacturers who contribute largely to the wealth and energy of the people, more than a half million dollars has been spent in public and private improvements during the year 1895, connected by numerous other towns by electric railway, ranging from four to ten thousand people in population. Cohoes can be classed a great busy centre.

MR. W. F. BALKAM,

Dear Sir:--It gives me pleasure to state that in my business as a grocer, operating, as I do, ten large stores, I have found the "Union and Advertiser" an invaluable aid as an advertising medium. I expend more money in that paper than any other, and regard the investment as an admirable one. I believe that, as a medium for advertising groceries, cereals and food products of every kind, the "Union and Advertiser" has no equal in this part of the State. I always advise those whose goods I handle to advertise in the "Union and Advertiser."

WOULD be read by a large percentage of the Germans of Buffalo and vicinity (there are 139,000 of them). They are property holders as a rule, and have money to invest in home comforts and any needs of the family.

**YOUR TALK TO THEM WILL BRING RESULTS.**

THE DEMOKRAT has more circulation than all other German dailies of Buffalo combined, and is the only German paper in New York State, aside from New York City, having full press dispatches, type-setting machines and Web perfecting presses. THE DEMOKRAT is a successful paper and brings success to its advertisers.

OF THE EMPIRE STATE . . . .

EVERY safeguard that enables shrewd advertisers to determine the exact circulation of a publication will prove that the Express is first in Buffalo of all High Grade newspapers. Accurate statements, verified beyond question, show that the Morning Express has several thousand more daily circulation than any other two cent Buffalo paper; while the actual demand for The Illustrated Express requires an edition more than double that of all other Buffalo Sunday papers.

All this means a steady, sure increase in circulation without artificial impetus, and insures this paper beyond question as the BEST in Buffalo for high-grade advertising.

The publishers of the **ORANGE COUNTY FARMER** beg to announce that on January 1st, 1896, the title of the paper was changed to the

## New York Farmer, Horticulturist and Dairyman.

There has been no increase in the advertising rates and the make-up of the paper remains unchanged. We believe that to have continued longer under the old name would have been detrimental to our best interests. When the Orange County Farmer was born, it was largely an Orange county periodical. But it could not remain so—its growth was steady, and with each year the area it covered was widened until the old name has at last become a misnomer.

To-day it covers the state of New York from Montauk Point on the eastern extremity of Long Island to the fruit growing regions bordering on the great lakes and the dairying counties in the north and northwest. In New Jersey we have a large clientage, and the entire northern part of Pennsylvania is most effectively covered by our Circulation.

# Newark Evening News

. . .

is a high-class general newspaper sold at two cents. At the same time it is, as its circulation shows the most popular newspaper in the State of New Jersey. Its circulation is double that of any Sunday newspaper published in the said state and nearly treble that of any daily. In the class of two-cent afternoon newspapers, it is doubtful if it is exceeded in circulation by any in the United States.

It has a very large advertising business for which it gets good rates, and is careful to exclude all advertisements of an objectionable character. While its policy is not to print a larger newspaper than is absolutely necessary to publish all the news and a variety of good matter, it is compelled by reason of the demand of advertisers to publish anywhere from ten to sixteen pages every week day of the year.

Below is a detailed statement of its circulation for the years and months given. Unsold, waste copies, and returns are deducted and the statement includes only those going out in the regular course of business, every copy of which is valuable to the advertiser.

### THE PRESBYTERIAN.

It came 65 years ago to stay, since then the powerful denomination—of which THE PRESBYTERIAN is a leading and influential organ—has spread all over the land and numbers millions of prosperous and reading people. It is not claimed that they all read THE PRESBYTERIAN. In that case you would pay a much higher rate for ADVERTISING—but this much can be said, You Will Get the Worth of Your Money, if your commodity is saleable—when you only pay 18 cents per line (14 lines to the inch) for a card in our columns.

One of the leading Advertising Agencies in the United States, who has had extensive business relations with THE PRESBYTERIAN for over twenty years says: "In proportion to circulation it is WITHOUT A PEER AS AN ADVERTISING MEDIUM."

### THE OLDEST AND BEST DAILY IN NORTHEASTERN PENNSYLVANIA.

Advertising rates low in comparison with service rendered. Full press reports, an unexcelled city and suburban news service, together with bright, up-to-date editorial writers, make THE REPUBLICAN a model and eagerly-sought newspaper of great influence among its patrons and friends.

The proprietors own and operate the largest and most complete job printing, book-making and lithographing plant in the State, outside of Philadelphia.

### Daily, Weekly, and Sunday Editions.

The New York office is at 85 Tribune Building, where files of the paper may be examined and Mr. N. M. SHEFFIELD, our New York representative, will be pleased to give any information of interest to advertisers.

## THE ERIE DISPATCH.

It is the only Morning or Republican paper receiving full Associated Press telegrams in Northwestern Pennsylvania. It has the latest modern improvements, and under the new management within the last year has been completely revolutionized. It is printed from a web Perfecting Press, and the type is set by machines. Its increase in circulation has been phenomenal for the conservative section of Pennsylvania in which it is published. It not only has a large circulation, but reaches the best class of the people in the city of Erie and the counties of Northwestern Pennsylvania. We are already carrying the best class of advertising given out. Northwestern Pennsylvania, where we circulate, has a population of five hundred thousand people. It represents the best and richest section between Buffalo and Cleveland. The people are educated and are good buyers.

It is the only Republican paper printed in Erie, with the one exception of THE EVENING NEWS. If you want to do business in this accessible part of Pennsylvania, you will find that you can reach the people best through the ERIE DISPATCH.

## THE EVENING NEWS.

This is Erie, Pennsylvania's great and popular Republican evening newspaper. It is double its former size, printed on a web Perfecting Press, and circulates among a class of well-to-do mechanics and employees in our enormous manufacturing establishments more than all other papers in the city combined. It is the only Republican evening paper in the city, and the mass of these men who labor in the great shops and manufacturing establishments of this manufacturing town, are Republicans. It is the official city paper, and it is not a boiler plate issue, and carries only live matter.

It is now reaching the great agricultural section, many farmers preferring it to a weekly, as it costs but little more. Our prices are low.

By June, 1896, THE EVENING NEWS will have ten thousand circulation, there is nothing to stop it. When that time comes, the advertising rates will double.

## ERIE DISPATCH GAZETTE.

The strongest and best weekly in Northwestern Pennsylvania. It is the consolidation of the Gazette, "The old Reliable," on which Horace Greeley worked at the case. Established in 1820, and the Weekly Dispatch established in 1851. The two strongest papers in the western part of the state. It reaches the largest and most intelligent public.

TOTAL,..... 3,142,839

## 3,142,839 : 52 = 60,439.

The total number of copies printed, sold to agents, delivered to subscribers—actually circulated—during the year 1895, was 3,142,839, which, when divided by 52, the number of issues, shows the average to have been 60,439 copies.

The circulation of **GRIT** during 1896 bids fair to average over 75,000 copies. An advertisement in **PENNSYLVANIA GRIT** will bring better results, at about one-tenth the cost, than one placed in 100 different county newspapers, the "limited amount of space" devoted to advertising purposes making the "smallest announcement attractive. Within the past three years the circulation has increased by push and energy of its proprietor from 35,000 per issue to the present circulation, February 1st, 1896, to over 250,000 copies. It is more than probable that by the time this appears in this directory of Messrs. Pettingill & Co., that the circulation will have reached over 300,000 copies per month. We believe that inside of a year we shall have a paid circulation in the neighborhood of one-half million per issue. The use of its advertising space is steadily increasing, as advertisers find the very best results are obtained from its columns. The February, 1896, issue has two and one-quarter times as much advertising as the February issue of 1895, and all of it at a higher price. A YOUNG MAN OF GENIUS—TRAINED RUNNING A COUNTRY NEWSPAPER, HE HAS DISTINGUISHED HIMSELF WRITING ADS FOR A RIVAL HOUSE—THE SON OF A PHILADELPHIA MINISTER WHO WENT TO A SOUTHERN "BOOM" TOWN TO HEW OUT HIS FORTUNE.

"I've spent all my life having fun," was the startling assertion Wanamaker's new advertising manager made when I went in to see him. "Run a country newspaper—that's more fun than anything I know of. I ran a weekly in a 'boom' town—Pulaski, Virginia. Then I ran a daily a little while. That was entirely too much fun and I quit in 1892 and sold out. The first time I found out I could advertise was a sale of town lots. Company came to me ten days before the date set for the sale and said they had \$1,200 to spend in advertising it. I placed the business by telegraph—sent Baltimore *American* two columns by wire. The company sold \$56,000 worth of lots inside of three hours. That's what turned my head probably."—*Extract from article in Printers' Ink, April 10, 1895.*

in Virginia.

The only Morning paper in Richmond that  
sells for two cents a copy, **ten cents** per  
week. The price **naturally** makes it **the**  
people's paper.

Eight pages daily except Monday—six-  
teen to twenty-four pages Sunday.

The Times is **Democratic**, but fearlessly  
**Independent**. Not only **people who think**,  
but all sorts of people who can read at all,  
read the Times.

The Times covers every section of Vir-  
ginia and a large portion of North Carolina.

Established 1847.

DANVILLE, Virginia.

# The Danville Register.

Daily Circulation 1,100.

Weekly Circulation 1,400.

Best advertising medium in the Piedmont section of Virginia. The only morning paper in the 5th Congressional District.

The Daily and Weekly REGISTER circulates in what is known as the BRIGHT TOBACCO BELT, comprising ten or twelve of the Virginia and North Carolina counties in which the WORLD'S supply of Bright Tobacco is raised; Danville being the centre and the market.

The REGISTER, being the medium upon which the tobacco interest relies for its market information from the largest Bright Tobacco market in the world, is a superior advertiser.

# The State Journal

A. B. WHITE,  
EDITOR.S. B. BAKER,  
MANAGER.

DAILY AND WEEKLY.

Parkersburg, West Virginia.

A live, progressive paper, the only paper in the city that takes the Associated Press or uses the Mergenthaler Linotype Machines; both editions are eight pages, cut and pasted.

Our Postage Bill, every month, is Twice that of our contemporary. Our bill for the Daily, every month, is as much as the entire bill for all editions of our contemporary, every month. Further comments are unnecessary.

The State Journal has an influence second to no other paper in the State.

In short it is the paper for shrewd advertisers to select as an advertising medium for this part of the country.

See the home advertisements in the paper; that class of advertisements is the best recommendation that can be offered for any paper.

### QUALITY OF FARM PRODUCTS

Cheap and rapid transportation, and the consequent convenient access of new and extensive areas to the markets of the world, has brought about an intense competition in farm products which tends to lower prices and diminish the margin of profit.

cannot be avoided, and may to a considerable extent be increased by the future progress of invention and enterprise in methods of transportation, can only be successfully met by taking advantage of the many small quantities that can be made to aid in diminishing the cost of products in connection with an improvement in quality that will command the highest price in the market. Under existing conditions of supply and demand the quality of farm products becomes a matter of quite as great importance as quantity in

In the over-crowded professions and in business enterprises it has become a trite saying that there is always room at the top, and that exceptional ability and application will command success, while with less than average qualifications failure is quite as likely to be the result. The same principle is applicable to the productive indus-

Editors—THE SUN PUBLISHING CO.—Publishers

**Does It Sound Big** to hear that the Springfield, O., SUN has a sworn circulation of 5,150 daily? That it is the only morning penny paper in the Seventh Congressional District, that it is a member of the Associated Press with a 99-year franchise, and that it reaches more homes than all the other dailies of the city combined. No matter how it sounds, **Just Think What It Means.** It means that it is the most popular paper in the community, and that seven-eighths of all the families in the city read it.

**It Will Pay You** to investigate our assertions. We will send, on application, a sworn affidavit as to our circulation, and in addition a sworn statement from the Paper Co from whom we purchase paper, proving what we say is true.

**The Careful Advertiser** could not help but realize that with the above statements absolutely true, the SUN must be an advertising medium of more than ordinary value. It has the largest circulation, is the most popular paper and is more thoroughly read than any other. The *Printers' Ink* says: "The MORNING SUN is Springfield's best paper."

**The Semi-Weekly** was established March, 1895, and its success has been marvelous. It has already a circulation of 800 and is increasing daily. Give it a trial.

Having enlarged its capital it is now in first-class financial condition, and in the future we intend to make THE GRAPHIC better than ever—and increase its 60,000 circulation twofold. You no doubt are aware that for the last ten years it has been considered one of the best weekly family illustrated newspapers in America—ranking and often excelling Harper's—as THE GRAPHIC's World's Fair and other editions convinced the world at large. Nothing in THE GRAPHIC columns either reading matter or advertisements are allowed, but that which is pure and unobjectionable, as our subscriptions are principally from families, and THE GRAPHIC's aim has always been and always will be to continue to be a family illustrated newspaper. We hope old and new patrons will place THE GRAPHIC on their 1896 list for advertisements and subscriptions.

## The TIMES.

PEKIN, ILL.

The Times is democratic in politics and is the official organ for city and county, both being democratic. As an advertising medium the weekly edition of the Times is one of the most valuable in Central Illinois, and the daily is as valuable as any paper published in a city of 10,000 inhabitants. A glance at our columns will justify the above assertion. The largest advertisers in the country patronize our columns and obtain good results. Rates gladly furnished on application.

## The Hillsdale Leader,

HILLSDALE, MICH. . . .

If you wish to reach and talk to 30,000 intelligent, reading, thinking, up-to-date, forehanded, people, in an agricultural county, with over a MILLION AND A QUARTER OF DOLLARS on deposit, and to their credit, in the banks of the county, and with an assessed valuation of upwards of \$18,000,000, not the only way to do it, but decidedly and emphatically the BEST way to do it is through

### THE LEADER.

There are 8,300 school children in the county, besides Hillsdale College located at Hillsdale (the county seat), with an average attendance of between 600 and 700 students.

NOW LISTEN.—Before you can purchase a line of space in the paper you must first identify yourself as reliable, that you mean honest business, and that you will do what you promise. No other or different patrons wanted; no others accepted if we know it. **E. J. MARCH & CO.,**

## The Flint Daily News,

W. H. Werkheiser & Sons, Publishers & Proprietors,

FLINT, Michigan.

The popularity of a daily newspaper is judged by its street sales.

Of the three dailies published in Flint, THE NEWS is the only one sold on the streets by the news-boys, because it is **the one** sought after by the news-reading public. Bona fide circulation as large as the other two dailies combined.

Advertising rates low, circulation considered.

It is not a class paper, but is sought after by all classes.

## The Genesee Democrat

is published at Flint, Mich., the county seat of Genesee County, which has a population of over 40,000 and is one of the best agricultural counties in the State. THE DEMOCRAT has a larger circulation in Genesee county than any other two newspapers combined. It is devoted almost exclusively to local news, and is the only publication in the county that has a man on the road all the time. The circulation is 2,300, and the advertising rates are low considering the large circulation.

## THE SAULT STE. MARIE NEWS

WHY? Because it is the leading weekly newspaper in the State of Michigan, being so rated by the Detroit Daily Tribune.

BECAUSE it is now in its 19th year, and grows brighter, better, and more influential with every issue.

BECAUSE it is such a good paper that everybody wants it and will not do without it.

BECAUSE it carries more local advertising than any other weekly newspaper in the state—a sure indication of its worth.

BECAUSE it pays other foreign advertisers to use its columns year after year, as many of them do.

BECAUSE its circulation thoroughly covers Chippewa and adjacent counties and reaches the best purchasing element throughout the Upper Peninsula.

### A Disinterested Opinion on its value as an Advertising Medium.

Refusal of the NEWS to accept offer of their premium articles, inspired La Mena & Co., manufacturers of bicycles and sewing machines, to write as follows:

THE NEWS, Sault Ste. Marie, Mich.

Gentlemen:—Your favor of the 2d duly to hand; also several copies of your paper. We can readily see why you should not be very anxious to use any of your very valuable advertising space merely to assist your subscribers. Your paper is the best patronized that we have seen for many a day, and may it so continue. Should you at any time entertain the idea of offering premiums, we hope you will bear us in mind. We certainly admire enterprise and push, especially among the papers that we endeavor to get. Very truly yours,

The Post-Dispatch is the great Home Newspaper. Through it advertisers can cover more effectually St. Louis and adjacent territory than through any other two St. Louis newspapers combined. The actual, bona-fide circulation is far greater at the present time than at any period of its history. It is 30 per cent. greater than when the new management took charge in February, 1895. It is steadily increasing, week by week.

Larger circulation in St. Louis and suburbs than the Republic and Globe-Democrat combined. A show-down is proposed on this at any time. It leads all newspapers in every section of the city. It challenges a show-down with any paper on carrier circulation in any ten or twenty blocks in any section of the city.

Local advertisers are in the best position to know the truth or falsity of any statements made regarding newspaper circulation. During the months of October, November and December, 1895, the volume and value of local advertising beat all records for the corresponding months in the history of the Post-Dispatch.

Foreign advertising during the months of September and October was 81 per cent. greater in 1895 than in 1894, and 127 per cent. greater during November and December.

GENERAL OFFICE CHOCOLATE EMULSION CO.

SAN FRANCISCO, December 21, 1895.

DAILY REPORT PUB. CO., CITY. GENTLEMEN:—Pursuant to understanding that we had on first inserting our advertisement in your paper a couple of weeks ago, we send you this letter to inform you of the results as we have found from statistics we have taken and have kept and which are on file in our office.

The week commencing December 9th we started following the “Ad.” more closely than during the other weeks, from any source, it being the only week that we ran this “Ad.” that the weather permitted sick people, whom we wanted to see, to come out. During that week the answers from the advertisement in the REPORT was 100 per cent. of the evening papers in which we carried our “Ad.” and 22½ per cent. of all the newspapers (morning papers included). This, we are pleased to say, is very satisfactory, and we are well satisfied with your paper as an advertising medium, it comparing very favorably with the morning papers, and as a source of return, we are satisfied that it pays as well as any. In consideration of the results we have received, we think that it will always be safe for us to place advertising with the REPORT and recommend it to all who want good returns for their money.

Very respectfully yours,

## WHAT IS THE DIFFERENCE?

TWO men in the same line, same city, same goods. One advertises, the other does not. What is the difference? Customers go where they know they can get what they want. An advertisement gives them the information. Other houses may have the same goods, but no one can afford time to hunt up possible disappointments. But take another case. Two men, same business, same city, same goods, same amount spent in advertising. One placing it in the hands of an experienced agent, the other doing it himself. What is the difference? The one who does it himself does all the work. It takes time and labor. It lacks professional snap, the one touch which all readers recognize instinctively. Mediums are not wisely selected, not infrequently because falsely represented. If business results, the advertiser has not time to change the matter, lets his notices grow stale, accepts any sort of display, pays full rates, is bothered by solicitors and a multitude of small accounts. The other has his work done for him, he benefits by the advice of the man whose experience is helping him to increase his business, he is relieved of a heavy responsibility, gets the lowest possible rates, knows that his advertisements appear only where they are likely to do most good, refers solicitors to his agent, and receives one clear statement monthly. That is the difference. What is the difference between agents? There are many differences. Agents are generally good, bad or indifferent, according to their amount of experience and their ideas of right and wrong. We have been established for nearly half a century. Many business men testify to the benefits they have derived and are deriving from our assistance. Let us hear from you.

# A Valuable Suggestion

"IT HAS THE RECOMMENDATION  
OF BEING SHORT."    ❁    ❁

SHORT cuts are good when we are familiar with them, but otherwise dangerous. The short cut to **success in business** is to advertise; but the inexperienced often find it leads to failure. As with any other business, that of advertising takes years of patient study to master. It is therefore impossible for the busy merchant to give the matter the necessary time and attention.

It is the most natural thing in the world for one who has not the special experience to judge lightly of its requirements, but if he were to recall the labor and time it has taken him to become proficient in his own line he would comprehend at a glance the importance of engaging experienced assistance in so important a department.

For nearly fifty years we have been showing thousands of business men the recognized "short cut" to success by giving them the benefit of our experience in advertising. We have also been able, owing to our long connection with publishers to offer exceptional terms. We are always on the alert—constantly infusing new blood into our business—and our ripened experience tells us instantly *what to use, how to use it, and what to pay for it.*

There are many signs of improvement in finance and commerce, and now is the time to begin, or to extend advertising. Competition in business will be keener than ever, and the need of experience proportionately increased. We shall be pleased to have you consult us.

## ABOLT

Meeting of  
of Aldermen.  
Jury Parkman Fails  
of Confirmation

One of the Trustees of the  
Boston City Hospital.

Final Vote on the Question  
Stood Six to Six.

City Treasurer Turner May  
Get His \$1500 Back.

The board of aldermen refused to confirm Henry Parkman as a member of the board of trustees of the City Hospital for the term ending April 30, 1896, as successor of the late George B. Nichols at its meeting yesterday afternoon, by a vote of 5 to 4. The result was one of the surprises of the session, as it was thought Parkman, on account of his prominence, would receive at least a majority of votes in the board.

When the matter was reached on the agenda, the vote was immediately taken, but, as is usual in such cases, and when Alder, who was chairman of the committee to collect the votes, announced 10 votes had been cast, four in favor of confirmation and six against, the result was a thunderbolt to those present. Aldermen Polson and Witt were the only ones who had not taken the result of the vote into consideration. Mr. Polson was on his feet in an effort to move that the vote be reconsidered and the matter assigned to a committee.

Lee called for the yeas and nays, and by a vote of 5 to 4 it was reconsidered. The time on the assignment to a committee was then used, and the yeas and nays were taken. The result was 5 yeas and 6 nays, and the matter did not favor confirmation.

The whole matter again came up for confirmation, and by a vote of 5 to 4 it was in favor and six nays, and the matter was then assigned to a committee.

## ANTHONY FOUND.

Missing Providence Man  
Located in Boston.

Identity Established by  
Means of an "Ad."

Girl in a Restaurant Read  
It Over and Pondered.

Sent Word Finally to the  
Wanderer's Family.

Will Divide \$500 Reward  
Offered by Relatives.

The mystery surrounding the disappearance of Frederick B. Anthony of Providence, R. I., from Young's Hotel, on Saturday, Dec. 21, was solved shortly after 6 o'clock yesterday afternoon by finding the missing man in a room on the second floor of a house on Causeway street, and his friends, who were overjoyed to find him alive and well.

Although the entire police force of this city and private detectives were searching for the missing man, not one of them had a hand in the restoration of the missing man, but his discovery was brought about through an advertisement which appeared in The Herald, and came about in this manner.

On last Wednesday a stranger appeared at the restaurant of Abbott W. Lewis, No. 11 Causeway street. This in itself was nothing strange, but one of them had a hand in the restoration of the missing man, but his discovery was brought about through an advertisement which appeared in The Herald, and came about in this manner.

On Saturday when he came in he asked Miss Drinkwater where the proprietor was, and she stating that he had gone to attend a Sunday school class meeting, the stranger replied that it was a good place to go, and this was the only conversation any of the employees of the place had with him.

The dining room is not opened on Sunday, but when Mr. Lewis came in yesterday morning Miss Drinkwater told him that he saw the notice of the missing man in the Sunday paper, and, upon his replying that he did not know where she was, she was firmly convinced that the stranger who had been taking his meals there was the missing Mr. Anthony, whose description had been published. Mr. Lewis sent her to get the paper, and she returned with a copy of The Sunday Herald. After scanning the advertisement, Mr. Lewis was also satisfied that their new customer was none other than the missing man, and they made an arrangement between them that Mr. Lewis would make no mention of the man to the man to his friends and that they would divide the \$500 reward between them.

Mr. Lewis visited Young's Hotel and had a conference with Wm. H. Tillman, Mr. Anthony's nephew, and Mr. Tillman, the owner of the hotel, who had been the owner in whose charge Mr. Anthony was when he disappeared, and they were satisfied that the stranger was on the right track, and decided to shadow the restaurant, while Mr. Lewis was to give them a signal when the stranger came in. They reached Causeway street about 6 o'clock, and had not been there but a few minutes when Mr. Anthony, for it proved to be him, entered the restaurant and ordered his customary steak. Mr. Lewis was notified, and entering walked up to Mr. Anthony, extended his hand and said "How do you do, Mr. Anthony."

# A PEN PICTURE

Many Women Will Recognize It

"OH, I am so nervous! No one ever suffered as I do! There isn't a well inch in my whole body! I honestly think my lungs are diseased, my chest pains me so; but I've no cough. I'm so weak at my stomach, and have indigestion horribly. Then I have palpitation, and my heart hurts me. How I am losing flesh! and this headache nearly kills me; and the back-ache!—why, I had hysterics yesterday!

"There is that weight and bearing down feeling all the time; and there are pains in my groin and thighs. I can't sleep, walk or sit. I'm diseased all over. The doctor? Oh! he tells me to keep quiet. Such mockery!"

Inflammatory and ulcerative conditions of the genitive organs can produce all the above symptoms in the same person. In fact, there is hardly a part of the body that can escape those sympathetic pains and aches.

No woman should allow herself to reach such a perfection of misery when there is positively no need of it.

*Lydia E. Pinkham's Vegetable Compound* acts promptly and thoroughly in such cases; strengthens the muscles, heals all inflammation, and restores the organ to its normal condition. Druggists are selling carloads of it. Mrs. Pinkham, at Lynn, Mass., will gladly and freely answer all letters asking for advice.

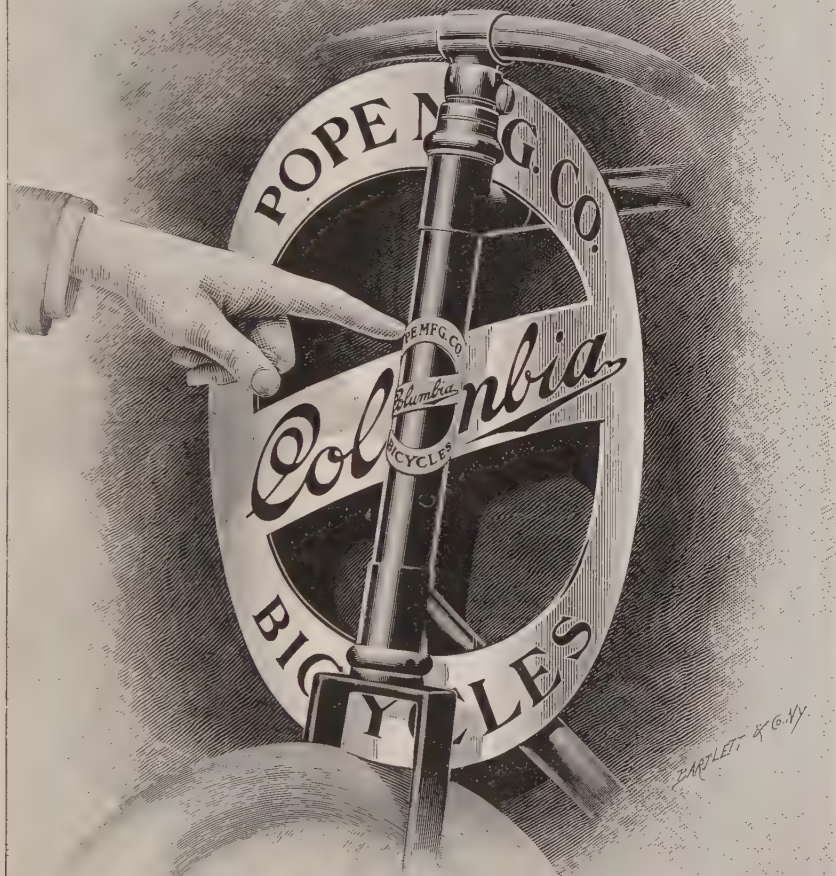

Mrs. E. Bishop, 78 Halsey Street, Brooklyn, N. Y., suffered all the above described miseries. Now she is well. *Lydia E. Pinkham's Vegetable Compound* cured her. Write her about it.

A prominent actress writes: ". . . You cannot imagine the fearful condition I was in when I first wrote to you. I was simply of no use to myself or any one else. I had worked hard, and my nervous system was shattered from female complaint and travelling constantly. I ran the gauntlet of doctor's theories, till my health and money were rapidly vanishing. . . . I'm all right now, and am gaining flesh daily. I follow your advice faithfully in everything. Thank you ten thousand times for what your knowledge and *Lydia E. Pinkham's Vegetable Compound* have done for me."

If in doubt, write to Mrs. Pinkham for advice

# A HELPING HAND

**W**OMEN suffering from any form of female weakness are requested to communicate promptly with Mrs. Pinkham, at Lynn, Mass. All letters are received, opened, read and answered **by women only**. A woman can freely talk of her private illness to a woman; thus has been established the eternal confidence between Mrs. Pinkham and the women of America. This confidence has induced more than 100,000 woman to write Mrs. Pinkham for advice during the last few months.

Think what a volume of experience she has to draw from! No physician living ever treated so many cases of female ills, and from this vast experience surely it is more than possible she has gained the very knowledge that will help your case.

She is glad to have you write or call upon her. You will find her a woman full of sympathy and a great desire to assist those who are sick. If her medicine is not what you need, she will frankly tell you so, and there are nine chances out of ten that she will tell you exactly what to do for relief. She asks nothing in return except your good will, and her advice has relieved thousands.

Surely any ailing woman, rich or poor, is very foolish if she does not take advantage of this generous offer of assistance. Read the following illustration:

DEAR MRS. PINKHAM:

In March I wrote you the following letter, asking you if your remedies would aid me:—"I am twenty-eight years old, and have three children. I suffer terribly with pain in the small of the back, dizziness, kidney trouble, nervousness, burning sensation in my stomach, and I am unable to do anything." I received a reply, a very kind helpful letter. I followed your advice. To-day, I am glad to be able to write that I am a well woman. I wish all women in my way afflicted would do as I did, and they will find relief. I think any woman who will continue to suffer with any of these trying diseases peculiar to our sex after hearing what Lydia E. Pinkham's Vegetable Compound has done in so many cases, is responsible for her own sufferings.

# NERVEASE

## Cures Headache

• in •

### 5 Minutes.

By removing the cause, viz.: congestion of blood in the vessels of the brain,

## Nervease

acts at once on the nerves and organs that regulate the distribution of blood and promotes at once a healthy or normal circulation.

This explains its great success and its indorsement by eminent physicians.

Dr. R. D. BIBBER of Bath, Me., esteems it most highly. He writes that:

"Nervease cured his wife's headaches after all other remedies had failed, and that he has prescribed it for a large number of patients, always with gratifying results."

"I feel grateful to God and to you for the great good which Nervease has done for me. It has cured my terrible headaches."

ANGELINE BROWN.

The opinion of a Leading Druggist of Lynn:

"We sell more Nervease than all other headache remedies combined. This is the best testimonial to its merits, in our opinion, it could possibly have."

## TERRIBLE TORTURE.

### The Indian Heartless in Inflicting and Calm in Undergoing Physical Pain.

Reared as they were to a life in which sickness was almost unknown, the Indian did not realize the meaning of pain, or anticipate it and suffer as we would do under similar cir-

cumstances; and then, too, when sick or wounded to a point where death would be a certainty with us, they could be brought back to life by nature's own remedies, which acted in the most wonderful manner on systems unharmed by injurious drugs. The tribe greatest skilled in the use of Indian medicines has ever been the Kickapoos. For such ills as they encountered they used such specifics as they alone knew how to prepare, for instance:—

**The KICKAPOO INDIAN** Worm Killer, for Worms.

**The KICKAPOO INDIAN** Cough Cure, for Coughs, Colds, Hoarseness, Sore Throat and all Lung complaints

**The KICKAPOO INDIAN** Salve, for Cuts, Bruises, Burns, Etc.

**The KICKAPOO INDIAN** Oil, quick cure for all pain.

### The KICKAPOO INDIAN SAGWA

for all diseases resulting from a deranged condition of the kidneys, liver, stomach and blood. All of these are purely vegetable and are made and sold to-day throughout the civilized world, exactly as they were centuries ago, prepared by the Indians themselves of roots, barks, herbs, gums and leaves of their own gathering, and each absolutely infallible for the cure of such disorders as they are intended for. All druggists sell them.
